High-efficiency air-cooled photovoltaic energy storage cabinet with 30KVA output power, 280Ah battery capacity, and 358.4V nominal voltage for reliable energy solutions.

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment.

The U.S. Department of Energy's solar office and its national laboratory partners analyze cost data for U.S. solar photovoltaic systems to develop ...

The entire cabinet is designed in a modular fashion, convenient for installation and maintenance; different modules such as DC/DC, DC/AC, and STS can be freely combined to suit local ...

We have dedicated after-sales teams in Southeast Asia and Europe. Once the storage batteries arrive at your project site, you can follow our installation guide to complete the setup yourself.

We have dedicated after-sales teams in Southeast Asia and Europe. Once the storage batteries arrive at your project site, you can follow our installation guide to complete the setup yourself.

Our 30kWh battery storage ensures reliable off-grid power. Discover the affordability of a 30 kilowatt solar system and revolutionize your energy use. Uncover the true cost and benefits of ...

Photovoltaic systems can be applied to a wider range of load systems, for example, larger AC loads, shock loads, etc. can be used. It can also better match the load and the power ...
