What is an outdoor telecom enclosure?

The outdoor telecom enclosures, which are also referred to as telecommunications cabinets, are fully enclosed cabinets that help protect electrical cabling and other equipment from potentially damaging environments. Such damage can be caused by dust, rain, ice, and external heat. What do you need to know about outdoor telecom enclosures?

Why should you choose Shield for your outdoor telecom enclosure?

This solution is also ideal for rapid deployment at the network edge. SHIELD offers a wide range of customization features for your outdoor telecom enclosures such as machining, special dimensions, custom colors, and additional protection for harsh environment.

What is an outdoor electrical enclosure?

Our outdoor electrical enclosures are designed and manufactured to provide a degree of protection against rain, sleet, snow, ice, dirt, and dust. This enclosure is suitable in a remote location where enclosure can withstand the toughest and wind and weather conditions, even unattended for a longer period of time.
