Who is GSL energy?

GSL ENERGY is your reliable partner for solar battery storage in Canada. We deliver innovative, high-performance, and cost-effective energy solutions tailored for the Canadian market--backed by global certifications and factory-direct support. Discover solar battery storage solutions in Canada with GSL ENERGY.

Why do Canadians need a solar battery backup system?

From urban homeowners to remote farms and commercial buildings, Canadians are turning to solar + storage systems to gain energy independence, stabilize electricity costs, and cut carbon emissions. What's Driving the Demand for Solar Battery Backup in Canada?

What are some of our recent installations?

Here are some of our recent installations: February 2025 - Installed an 80kWh wall-mounted battery storage system for a villa owner, providing reliable backup power and energy independence. January 2025 - Deployed a 50kWh home battery system integrated with a Sol-Ark inverter, delivering seamless solar energy storage and usage.

How many GWh of battery energy storage solutions has e-storage deployed?

To date, e-STORAGE has deployed more than 7 GWh of battery energy storage solutions across the United States, Canada, the United Kingdom, and China. Our team is the heart of our success, and we invite ambitious individuals to join us in shaping the future of energy storage solutions.

All-In-One Solar Backup Power | Applies for new & retrofit PV systems. EP Cube by Canadian Solar shipped free within Canada. Complete Kit ...
