What is rack space rental (server colocation)?

Rack space rental, also known as server colocation, is the provisioning of a client's servers/computer equipment in a colocation provider's data center.

Why should you rent a rack space in a data center?

Multiple Rent-a-Rack Space providers in India offer various hosting packages, but we are paramount. On most occasions, renting and allotting rack space in a data center is less costly than building a private data center and sticking to the maintenance and operational costs.
