The planning board approved the site plan for the Flatiron Energy Energizer Storage battery storage facility proposed for 284 Eastern Ave. at its regular meeting last week. In ...

This post explores the complexities and best practices of energy storage project management, highlighting the pivotal role of global leaders like Standart Alliance in optimizing the energy ...

A Roadmap for Battery Energy Storage System Execution -- ### Introduction The integration of energy storage products commences at the cell level, with manufacturers ...

Although very rare, recent fires at energy storage facilities are prompting manufacturers and project developers to ask serious questions ...

A complete guide on how to plan and install industrial energy storage projects -- from feasibility assessment to system maintenance -- for reliable power management.

These projects will improve the electric grid's reliability, help store renewable energy and retire existing polluting power plants, and ...

This comprehensive guide walks developers through the entire process, includes a step-by-step checklist, and highlights common pitfalls to avoid so you deliver solar and energy storage ...

Hydrostor has received planning approval for a 200MW/1,600MWh A-CAES project in New South Wales, Australia.

The 200-megawatt battery energy storage facility initiated a City of Boston Article 80 review. VHB is leading the review process for the ...

The facility will serve as a large-scale battery energy storage system capable of charging from, and discharging into, the New York ...

The Department of Energy Office of Electricity Delivery and Energy Reliability Energy Storage Program would like to acknowledge the external advisory board that contributed to the topic ...

NYCIDA closed its largest battery energy storage project to date, the East River Energy Storage Project, located on an industrial site on the East River in Astoria, Queens. ...

On March 21, 2025, the New York State Public Service Commission ("PSC") adopted, with modifications, the draft Bulk Energy Storage Program Implementation Plan proposed by the ...

Flatiron Energy LLC, doing business as (d/b/a) Lite Brite Storage LLC (the "Proponent"), is proposing to construct a new two-storied battery energy ...

Jupiter Power has unveiled plans to construct a 700MW BESS facility at a former oil depot previously owned by ExxonMobil in ...

UK-based energy company Statera Energy has secured planning consent for a 290MW/1,740MWh battery energy storage system (BESS) to be developed in Devon, a county ...
