A subsidiary of China National Offshore Oil Corporation (CNOOC) has completed the construction of China's largest LNG storage base, a move that aims to ensure energy security ...

A subsidiary of China National Offshore Oil Corporation (CNOOC) has completed the construction of China's largest LNG storage base, a move that aims to ensure energy security and support ...

In this regard, this study constructs an integrated model of SD-PLUS-InVEST to simulate LUCs and CS changes under multi-climate change-based scenarios (SSP126, ...

Explores the spatiotemporal evolution of trade-offs and synergies between urbanization and carbon balance in the Yangtze River Economic Belt.

The Yangtze River Economic Belt (YREB) plays a crucial role in addressing China's dual challenges of rapid urbanization and environmental sustainability, while also ...

To reasonably evaluate the water resource security state, this research built a water resource security evaluation index system of the Yangtze River Economic Belt (YREB) ...

Experts and entrepreneurs from the fields of hydrogen energy and energy storage gathered to discuss industry application scenarios, accelerate precise connections and ...

This study investigates the spatio-temporal characteristics and obstacle factors within the Yangtze River Economic Belt (YREB) from 2012 to 2022 using the coupling ...

Let's cut to the chase: the Botswana Yangtze River Energy Storage Project isn't just another infrastructure plan. It's a game-changer for southern Africa's energy landscape.

The Yangtze River Economic Belt, as the leading demonstration area of China's ecological civilization construction, is of ...

With global population growth and economic development, the interconnections among water resources, energy, food, and the carbon cycle have become increasingly ...

This paper uses the two-stage NDEA-SBM model to calculate the energy, ecology, and economic (3E) efficiency of the Yangtze River Economic Belt (YREB) and analyze the spatial distribution ...

The objectives of this study are: (1) to propose a theoretical framework and methodological system for sustainable carrying capacity, providing guidance for the evaluation ...

The Yangtze River Economic Belt (YREB) holds a prominent strategic status in China's urbanization, given its vital geographic location, large population, and active economy ...

The Yangtze River Economic Belt, as the leading demonstration area of China's ecological civilization construction, is of great significance to take the lead in clarifying its energy ...

This study addresses key questions regarding current trends in energy transition and carbon emissions in the Yangtze River Economic ...
