Why is the Yangtze River economic belt important?

The Yangtze River Economic Belt (YREB) accounts for more than 40 % of China's GDP and is one of the most important engines of China's economic development. In recent years, the Chinese government has taken the YREB as a model for leading sustainable development and has given strong support to industrial transformation and upgrading.

How many inland shipping companies are there in the Yangtze River?

At the end of 2021, there were 3,727 transportation enterprises and 9,858 individually owned inland shipping companies in the Yangtze River system, among which, more than 700 enterprises are registered in Jiangsu and Anhui provinces, and over 6,000 individually owned inland shi

What is the 'electrification of the Yangtze River' initiative?

In June 2023, representatives from 13 provinces and cities along the Yangtze River unveiled the "Electrification of the Yangtze River" initiative. This move is pivotal for achieving China's "dual carbon" goals, enhancing the high-quality growth of Yangtze River shipping, and supporting the
