Does Georgia Power offer solar?

From home installation and our buy back program, to non-installation options, our goal is to make solar an option for every Georgia Power customer. Learn more about our behind-the-meter solar programs, including the new Renewable and Nonrenewable Resources (RNR) program, and how to interconnect your system.

Does Georgia Power Company offer a solar extension program?

The Public Service Commission Order pertaining to Dockets 4822, 16573, and 19279 states that Georgia Power Company is to provide existing solar participants the option to extend the term of their current Distributed or Utility Scale generation for up to 35 years. Please select from the following options for more information surrounding your program.
