-----

High (adjective, informal): Intoxicated by drugs or alcohol. The word 'high' is a versatile term with multiple meanings and applications, spanning physical elevation, emotional ...

Definition of high adjective from the Oxford Advanced Learner's Dictionary. measuring a long distance from the bottom to the top. What's the highest mountain in the US? The house has a ...

Pertaining to (or, especially of a language: spoken in) in an area which is at a greater elevation, for example more mountainous, than other regions. I told him about ...

Download Citation | On Jan 1, 2026, Jiangjiang Wang and others published Life-cycle performance analysis of a building integrated energy system considering equipment ...

Electric vehicles (EVs) play a major role in the energy system because they are clean and environmentally friendly and can use excess electricity from renewable sources. In ...

By leveraging leading technologies in IoT, communication, solar efficiency, and high-performance battery storage, we provide sustainable, secure, ...

High efficiency: Expected conversion efficiencies of 30% to over 40% Low-cost materials: Substrate material is a low-cost silicon wafer as compared ...

high implies marked extension upward and is applied chiefly to things which rise from a base or foundation or are placed at a conspicuous height above a lower level.

In this paper, a power management technique is proposed for the solar-powered grid-integrated charging station with hybrid energy storage systems for charging electric ...

This review paper presents a comprehensive analysis of state-of-the-art innovations in PV efficiency enhancement techniques, including cooling methods, mobile PV systems, ...

The integrated photovoltaic, storage and charging system adopts a hybrid bus architecture. Photovoltaics, energy storage and charging are ...

The paper addresses the economic operation optimization problem of photovoltaic charging-swapping-storage integrated stations (PCSSIS) in high-penetration distribution ...

**HIGH** definition: having a great or considerable extent or reach upward or vertically; lofty; tall. See examples of high used in a sentence.

high /haɪ/ adj. and adv., -er, -est, n. lofty: a high wall. (of things) having a specified height: The tree is 20 feet high. elevated: a high ledge. greater than or going beyond the usual degree, ...

Promoting the "PV+energy storage+EV charging" operation mode means that the construction of integrated microgrids will develop at high speed in the next few years. The ...

A bi-level optimization framework of capacity planning and operation costs of shared energy storage system and large-scale PV integrated 5G base stations is proposed to ...
