-----  
What are outdoor data cabinets & server rack cabinets used for?

Our outdoor data cabinets and outdoor server rack cabinets are perfect for housing IT,telecom,security,and networking equipment,including 5G and Edge computing applications. We offer both single and double door options,with a bespoke manufacturing and paint service available.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

Who are server room environments?

Server Room Environments are a leading and trusted UK server rack supplier. We offer superbly priced and high-quality outdoor weatherproof data and telecoms cabinets and enclosures tailored to your requirements.

What features & options can server room environments offer?

Manufacturing features and options include: In addition to bespoke sizes, we can offer design enhancements including pitched or sloping roofs, an open or closed base, external plinth, IP fan/filter ventilation and thermostatically controlled heating. Server Room Environments are a leading and trusted UK server rack supplier.
