Is there a roadmap for energy storage in the Netherlands?

In the Netherlands, there has also historically not been a roadmap or detailed industrial strategy with supportive legislation, policy, taxation reliefs, or investment incentives for the energy storage market.

Is Westfield Mall of the Netherlands sustainable?

Westfield Mall of the Netherlands achieves the BREEAM-NL ratings Very Good certification for new construction and Excellent for renovation. BREEAM assesses buildings on nine different sustainability categories, including energy, water, materials and waste.

What is Westfield Mall of the Netherlands?

Westfield Mall of the Netherlands was designed as an experience destination, not as a standard shopping centre. The experience starts with the parking area which has space for 4000 cars. When you enter this area, you are greeted by rhombus-shaped elements which guide you in. Each parking bay has a different colour for optimal orientation.
