Can EPC contracts be used in the solar sector?

While our focus here is on the use of EPC Contracts in the solar sector, many of the issues are applicable to EPC Contracts in all sectors. EPC Contracts do not eliminate or mitigate against all risks; however, when drafted correctly they can ensure performance, timely delivery and rectification within agreed parameters or up to agreed caps.

Open Solar Contracts is an initiative which streamlines project development and finance processes by offering legal agreements that make contracting faster and less costly.
