Where is sinovoltaics' new supply chain map based?

Sinovoltaics, a Hong Kong-based technical compliance and quality assurance company, has released its latest PV module supply chain map for Europe and Turkey, plus Egypt and Kazakhstan. The report tracks the announced factory location, size, owner, and planned capacity, as well as sites that have been closed, or where capacity is on hold.

How many sinovoltaics Europe Solar factory sites are there?

The report tracks the announced factory location, size, owner, and planned capacity, as well as sites that have been closed, or where capacity is on hold. There are 125 factory sites listed in the Sinovoltaics Europe Solar Supply Chain Map for 1Q2025, which is available as a free download.

How has sinovoltaics impacted the PV supply chain?

Updated PV Supply Chain Maps highlighted regional production shifts as Sinovoltaics reported new capacities, plant closures, and growth targets across Europe and Turkey. Link copied! Copy failed! Total module capacity in the region has reached 21 GW, with a 2030 target of 70 GW for solar manufacturing. Image Source: Sinovoltaics

How often does sinovoltaics publish a region-specific solar supply chain map?

Every four months, Sinovoltaics publishes region-specific solar supply chain maps for North America, Europe, Southeast Asia, and India, documenting the published plans of manufacturers operating in each region. It also publishes an annual transformer manufacturing map for Mainland China.

European manufacturing is the focus of the latest supply chain report from Sinovoltaics, a Hong Kong-based quality assurance service firm. The report provides the ...

Explore the latest developments and achievements of Sinovoltaics as featured in the news. Stay informed about our innovative PV and BESS project solutions, industry insights, and ...

The latest Sinovoltaics financial stability report ranking lists Tainergy, Eterbright, First Solar, Era Solar, and TSEC as the top five ...

Dive into the heart of the solar industry, exploring the latest maps showcasing existing and future solar module manufacturers alongside their critical suppliers in solar cells, wafers, ingots, and ...

Sinovoltaics, a Hong Kong-based technical compliance and quality assurance company, has released its latest PV module supply chain map for Europe and Turkey, plus ...

The latest report on the supply chain for European PV module production, provided by Sinovoltaics, a Hong Kong-based quality assurance service firm, details the status ...

For any stakeholder involved in solar projects, the financial stability of your project's PV Modules, Inverters, and Energy storage manufacturer is of ...
