What is an IP66 electrical enclosure?

IP66 electrical enclosures are equivalent to NEMA 4 and NEMA 4X enclosures. International Protection(IP) standards are used to designate the protective capacity of an electrical enclosure. The two-digit code shows the protection against particles (the first digit) and water (the second digit).

Are IP66 enclosures waterproof?

IP66 enclosures offer waterproof protection for your electronic and electrical components in indoor and outdoor applications. Durable IP66 cases and junction boxes are available in a variety of sizes and styles. Material options for IP66 enclosures include plastic, steel, and aluminum.

What are the features of IP66 cabinets?

Features of our IP66 cabinets include: - Complete protection from solid objects of any kind. - High pressure jets from all directions, (limited ingress permitted). - Enclosure can be hosed down, eg. Ship decks. Often called rain tight enclosures due to their excellent weather resistance.

Does Bison ProFab manufacture IP66 electrical enclosures?

Bison ProFab is approved to manufacture IP66 Electrical Enclosures that are tested and certified by Intertek (a third party testing agency). IP66 electrical enclosures are equivalent to NEMA 4 and NEMA 4X enclosures. International Protection (IP) standards are used to designate the protective capacity of an electrical enclosure.
